

Worker Import Spreadsheet Guide

ENGENHARQ OS | DATA IMPORT STANDARDS

How to format your CSV/XLSX file

Follow these strict column requirements to ensure a successful bulk import. Any deviation in formatting or missing required fields will result in validation errors.

full_name

REQ

Format: Text

Worker's full legal name as it appears on official documents.

cpf

REQ

Format: 11 Digits / Text

11-digit Brazilian CPF. Punctuation (.-) is optional.

registration_number

OPT

Format: Text

Internal company ID or badge number for the worker.

site_id

REQ

Format: UUID / Text

Exact identifier (UUID/Text) for the site the worker is assigned to.

current_role

REQ

Format: Text

Job title (e.g., Pedreiro, Servente, Mestre de Obras).

status

REQ

Format: Text (active/inactive)

Worker status. Valid values: active, inactive.

aso_date

OPT

Format: YYYY-MM-DD

Date of the ASO exam.

Ensure the file is saved as .csv or .xlsx before uploading to the system.
